### **KENTUCKY STATE NATURE PRESERVES COMMISSION TO MEET** ***Ecologist to give presentation on Bluegrass savanna-woodland ecosystem***

FRANKFORT, Ky. (May 30, 2006) – The Kentucky State Nature Preserves Commission (KSNPC) will conduct a quarterly public meeting on Tuesday, June 13, 2006, in the KSNPC conference room, 801 Schenkel Lane, Frankfort, beginning at 1:30 p.m. EDT. Additional information is available by calling (502) 573-2886.

KSNPC's mission is to protect Kentucky's natural heritage by: (1) identifying, acquiring and managing natural areas that represent the best-known occurrences of rare native species, natural communities and significant natural features in a statewide nature preserve system; (2) working with others to protect biological diversity; and (3) educating Kentuckians as to the value and purpose of nature preserves and biodiversity conservation. The Commission inventories Kentucky for significant natural areas and protects the best examples in a state nature preserve system.

The meeting facility is accessible to people with disabilities. KSNPC will provide, upon request, reasonable accommodations including auxiliary aids and services necessary to afford individuals with disabilities an equal opportunity to participate in all programs and activities. To make special arrangements, contact Leslie Isaman at KSNPC by June 5, 2006, at (502) 573-2886 between 8 a.m. and 4:30 p.m. EDT.
